Thanks to our efficient transport network and our presence in West Africa, we ensure efficient local, regional and international delivery depending on your country (Express and Standard delivery).

MARITIME FREIGHT

Maritime Consolidation (Less than Container Load – LCL) involves grouping goods from several clients into the same container.

It is the perfect solution for shipping small to medium quantities while enjoying the security and efficiency of maritime transport.

Advantages of Maritime Consolidation with GKS Logistics

- Cost-saving: you only pay for the space you use
- Flexibility: no need to wait until you have enough volume for a full container
- Regularity: scheduled departures and optimized delivery times
- Security: inspection, packaging, and end-to-end tracking
- Support: simplified customs procedures and personalized assistance

Our Maritime Consolidation Process

1. Receipt of goods at our warehouses or at the port
2. Quality control and appropriate packaging
3. Consolidation with other shipments
4. Customs clearance and documentation
5. Shipping and tracking to the destination port
6. Delivery according to the chosen service option
